

Company Overview

10XG provides staffing solutions for government clients with a focus on roles that are difficult-to-fill, non-standard and/or in remote locations. We strive to be our clients' trusted advisor and pride ourselves on tackling the toughest challenges.

"Better Solutions for the Public Sector"

Core Competencies

10XG's core competency is recruiting high quality experts for difficult-to-staff roles and providing a pipeline of replacements to ensure no lapses in coverage.

10XG also has deep expertise in addressing non-standard requirements and can provide tailored solutions based on client demands.

Past Performance Record

Differentiators

10XG has a distinctive approach to staffing which combines:

- ✓ An integrated approach to utilizing job platforms that allows us to staff nearly any role on very short notice
- ✓ Access to private industry databases that allow us to recruit candidates who are not accessible via traditional job platforms
- ✓ An internal network of trusted experts from our past recruiting efforts who we can mobilize to support clients
